# 2022 Men's World Championship

## Poland

### Medical Emergency Process

According to Polish local rules and in line with the FIVB Medical and Anti-Doping Regulations requirements, the **local medical team** during the event will consist of a **paramedic team** - with the relevant emergency equipment and an **ambulance** in front of the competition hall. The **Medical Director** of the event, Dr. Wiesław MAROŃ, will be on duty 24/7 coordinating the different medical teams that will provide assistance during the whole competition and has to be immediately informed by his local team about any medical emergency during the event.

In case of **injury or medical emergency** during a match, the following **process** and **communication flow** shall be observed:

- Referee calls team doctor to the field of play after an Athlete's injury.
- The team doctor will first examine the player and determine if the local medical team is required. The local paramedic team should move to a place where they are able to quickly access the field of play and should remain on standby there.
- **If so, local medical team and FIVB Medical Delegate** shall enter the field of play\* to examine the concerned Athlete;
- Local paramedic team are the professionals locally authorized to provide medical assistance. The **FIVB Medical Delegate** shall only observe them and **inform\*\* the Event Ops Supervisor** as soon as possible about any impact of the medical assistance on the running of the event (e.g., long or short delay/match cancellation).

\*Once the local medical team enters the field of play, we would recommend cutting the sound and staying wide on the broadcasting.

\*\*Communication channel between FIVB Medical Delegate and Event Ops Supervisor to be defined (one possibility would be a short message on the Event's whatsapp group).

Medical Director of the event shall provide a report on the medical assistance to the FIVB Medical Department ([medical@fivb.com](mailto:medical@fivb.com)).
